Recirculation	Yes

600 is a contemporary and stylish slimline cabinet model for all types of ventilation. It can be used for duct out or recirculation. It is produced in steel and can be supplied in 60 or 80 cm widths. This model is not telescopic (a slide-able pull-out). It is fitted under a wall cabinet, either with or without a base panel. It is supplied with a AUX-signal and can also be supplied with a Stove Guard.
