Other metals, high gloss	No	-
Stove Guard PCU (optional)	No	-

TYPES OF VENTILATION

Duct out	Yes
Recirculation	Yes

Vero is a beautiful tilted hood that is available in either black or white glass. The white model is supplied with a steel chimney, whereas the black hood comes with a matching chimney as standard. Vero has a reversible energy-saving motor, which allows your installer the option of ducting out from the top (vertically) or straight out the back (horizontally). The stylish design also means that the hood can be installed with or without the chimney.

Item no.	Product name	Width	Finish
5032	Vero 80	79.8 cm	White glass
5033	Vero 80	79.8 cm	Black glass

For recirculation, the installation of the chimney is optional but a metal grid is advised as a safety precaution to cover the duct opening.
